## No Warning

Three years ago in February, 2013, year a meteor streaked across the sky in Russia leaving a glowing trail. The meteor exploded causing a blindingly bright light that even rivaled the sun for a moment.

The shock waves sent from the exploding meteor broke glass in thousands of buildings, knocked down walls, and injured well over 1,000 people. The sound from the explosion was extremely loud. It was the sound which caused most of the damage from the meteor.

You can view actual footage of the meteor streaking across the sky, igniting as it entered the atmosphere, and then blazing with intense light at the end of it's journey. (Search for 2013 Russian meteor on YouTube)

This meteor had no doubt been in space since the beginning of creation. On that crisp, clear winter's day, it's path crossed with the Earth. There was no warning whatsoever. It just happened in a

moment. Suddenly, there it was. People were saying there was no warning. There is no way for there to be any warning of such an event.

To those who say there was no warning, I would say, the event itself can serve as a warning. There will be another event to unfold in the sky. Only a hand full of people saw the meteor, but, this other event, every eye shall see.

The LORD shall appear with all His holy angels and the sound of the trumpet. All living and dead alike shall see him. I Corinthians 15:52 tells us regarding this event, *"In a moment, in the twinkling of an eye, at the last trump: for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed."*

I Thessalonians 4:15-17 tells even more. There will be three sounds and we will meet the LORD in the clouds to ever be with Him. *"<sup>15</sup>For this we say unto you by the word of the Lord, that we which are alive [and] remain unto the coming of the Lord shall not prevent them which are asleep. <sup>16</sup>For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: <sup>17</sup>Then we which are alive [and] remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord."*

A meteor of the magnitude of the one last year might never hit the Earth again, but it's guaranteed that the LORD will return. There will be no signs or indications. Only God the Father knows the time.

For those not in the LORD, it will be the most horrible time imaginable. They will cry for the mountains and rocks to fall upon them. (Revelation 6:16) For those in the LORD, it will be the most blessed day imaginable. We are to look toward and hasten that day. Peter wrote in II Peter 3:12, *"Looking for and hasting unto the coming of the day of God, wherein the heavens being on fire shall be dissolved, and the elements shall melt with fervent heat?"*

Let the meteor of last year, which had no warning, serve as our warning. An event will with certainty unfold in the sky. That event will be to our everlasting destruction or our eternal life.

## Watch Your Step

A man was walking down a hill in the woods when he stepped on a small twig. The twig rolled and he fell down. As he picked himself up and went on his way, he thought, “If that had been a big log, I would have seen it and climbed over it. There would have been less danger of falling, for I would have been aware of the danger.” The fact that the twig was small was what made it dangerous.

In our spiritual pathway, the devil places “little” temptations to defeat us. His little traps or obstructions are often more effective than the big ones, partly because if people do notice them they may think they are too small to make a difference. “*Wherefore let him that thinketh he standeth take heed lest he fall.*” I Corinthians 10:12
